

Town of Shawangunk

Hamlet of Wallkill

For All Emergencies Dial 911

The **Rail Trail** was completed with Federal funds known as a TEA Grant. The purpose of the **Rail Trail** is to provide "an alternate means of transportation between logical termini"...from the Village of Walden to the Hamlet of Wallkill in the Town of Shawangunk.

This **Trail** was completed through a collaborative effort of the Towns of Shawangunk & Montgomery and the Village of Walden. A significant portion of the project was in-kind effort by the Watchtower community and the highway crews from the three municipalities.

The grant application was submitted in 2001, and we completed the **Trail** in 2008. The project was coordinated by the Town of Montgomery Highway Staff.

The **Trail** is approximately 3.22 miles long. Its "logical termini" are **Wooster Grove in the Village of Walden & the Lions Pavillion in the Hamlet of Wallkill** as it passes through farm lands and wooded areas of the Town of Montgomery.
